2250	2,499.40	2,625.60	2,999.90	3,500.20
2400	2,925.50	3,069.10	3,508.20	4,093.20
2550	3,295.00	3,456.80	3,952.10	4,611.40
2700	3,656.80	3,839.20	4,388.20	5,119.80
3000	4,478.00	4,704.20	5,376.30	6,271.90

Prices include a pre-lubricated rubber gasket.

Jacking Pipe - Add 10% to the above price per metre for 1200mm diameter and larger.

Contact our estimating department for a premium on smaller tunneling pipe

For SPECIAL DESIGN PIPE, please contact our engineering department.

TEE (90°) AND WYE (45°) BRANCHES

Branch Size (mm)	MAIN PIPE SIZE (mm)

375	424.90	569.00	766.30	1,073.50	1,412.40	1,737.50
450	519.50	643.20	842.70	1,149.80	1,488.90	1,813.60
525	561.00	663.30	863.60	1,170.80	1,509.60	1,834.50
600	-	830.00	1,034.80	1,342.10	1,680.70	2,005.80
675	-	1,181.40	1,340.10	1,647.70	1,986.50	2,311.50
750	-	1,525.70	1,663.60	1,970.70	2,309.60	2,634.30
825	-	1,745.30	1,861.80	2,169.40	2,508.40	2,833.20
900	-	-	2,165.10	2,472.60	2,811.20	3,135.90
975	-	-	2,465.10	2,747.40	3,086.70	3,411.30
1050	-	-	2,799.90	3,054.10	3,392.50	3,717.40
1200	-	-	3,455.00	3,666.90	4,006.00	4,330.70
1350	-	-	-	4,572.40	4,885.10	5,269.40
1500	-	-	-	5,521.90	5,833.20	6,174.30

To calculate the price of a TEE or WYE branch, multiply the price per metre of the main pipe by its length and add the corresponding price for the required branch as listed above.

NOTES:

Special angle branches can be manufactured upon request.

Maintenance hole TEES are calculated the same as pipe TEES.

Scribed holes - Up to 1350mm \$107.70 1500mm and over \$215.20 each.

Branches 375mm and larger are for concrete pipe only.

Branches 300mm and smaller are for concrete or smooth wall PVC pipe.

Maximum branch size for 45 degree wye is 1050mm

REDUCERS & INCREASERS

PRICE PER PIECE

- 1) 300 to 3000 mm reinforced pipe REDUCER or INCREASER
 - multiply the PRICE per metre of the larger pipe x 6.5

MINIMUM DELIVERY CHARGE – \$100.00. E.&O.E.

REINFORCED ELLIPTICAL CONCRETE PIPE

Equivalent Diameter (mm)	Rise x Span (mm)	Mass Per Piece (kg)	Wall Thickness (mm)	PRICE PER METRE			
				HE I	HE II	HE III	HE IV
900	730 x 1150	2283	114	\$668.20	\$705.60	\$783.30	\$898.70
1050	855 x 1345	2928	127	817.90	855.60	964.90	1,106.00
1200	975 x 1535	3665	140	1,005.10	1,051.00	1,180.80	1,362.10
1350	1090 x 1730	4518	152	1,261.50	1,328.10	1,489.30	1,713.90
1500	1220 x 1920	5421	165	1,503.70	1,581.60	1,780.10	2,044.80
1650	1340 x 2110	6401	178	1,783.00	1,875.10	2,102.60	2,422.30
1800	1465 x 2305	7464	191	2,145.90	2,249.60	2,525.70	2,909.30

NOTES:

- 1) Prices include a pre-lubricated rubber gasket.
- 2) Bends- multiply the price per metre of the elliptical pipe x 5.0.
- 3) Reducers & Increasesers - multiply the price per metre of the larger elliptical pipe x 6.0.
- 4) Plugs & Caps - multiply the price per metre of the elliptical HE IV pipe x 1.0.
- 5) Tee and Wye Junctions – multiply the price per metre of the elliptical pipe x 2.44 and then add the corresponding pipe branch price from page 4 (for elliptical branch, use the equivalent diameter).
- 6) Maintenance Hole Tee - Multiply the price per metre of the elliptical pipe x 2.44 and add \$4,135.40 for the 1200mm riser stub.
- 7) Pipe lengths 2.44m.
- 8) Manufactured to ASTM C507M.

3000 x 2400	250	19731	0.0 to 0.6 & 3.6 to 5.0	5,828.60

NOTES:

- 1) Box Lay Length – 2.50 m
- 2) Jointing Material – add 5% to above price per metre.
- 3) Delivery – Please allow 4-6 weeks from date of order for delivery.
- 4) Specials – Please contact our Sales or Engineering Departments for prices of special design box units.
- 5) Tee & Wye Junctions (Box Culvert Branch) – Multiply the price per metre of the main box unit by 6.0.
- 6) Tee & Wye Junctions (Pipe Branch) – Multiply the price per metre of the main box unit by 2.5 and add the branch price from pg. 4. (For elliptical branches, use the equivalent diameter)
- 7) Bends & Elbows – 5.0 x price per metre of box unit = Total price per piece of Bend or Elbow.
- 8) Reducers & Increasers – 6.0 x price per metre of the larger box = Total price per piece of Reducers and Increasers.
- 9) Plugs & Caps – Price per metre of box unit = Total price per piece of Plug or Cap
- 10) Radius Box Unit – 1.15 x price per metre of straight box.
- 11) Beveled or Skewed End – 1.2 x price per metre of straight box, and then multiply by length of beveled or skewed unit.
- 12) Flush Ends – \$738.20 per unit.
- 13) 15M Dowels & Inserts – \$85.50 each.
- 14) Scribed Holes – \$215.20 each.
- 15) Hole to Accept Maintenance Hole Riser – \$1,230.30 (includes steps.)
- 16) Additional sizes available upon request. Please contact our Engineering Department.

NOTES:

1. Depth represents the difference between finished grade and the lowest invert elevation.
2. Prices are rounded to the nearest dollar.
3. The Estimating Table transitions to 1200mm dia. components as follows:
 - a) 1200mm - Flat Top to tapered top (cone section)
 - b) 1500mm - After 1.80m of headroom
 - c) 1800mm - After 1.80m of headroom
 - d) 2400mm - After 2.40m of headroom
4. Prices are calculated based on the most common applications and will vary with site conditions.
5. Prices include: standard precast concrete components c/w steps, pipe openings and joint gaskets. 1200mm Safety Landings are included at 5.0m and deeper.
6. Prices do NOT include: castings, grade adjustment rings, flexible connectors, pre-benching, precast drops and other accessories.

1. ALL PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE. Estimates are open for acceptance for 30 days.
2. Acceptance of all pricing shall not obligate the seller until the Purchaser's credit is approved by our Credit Department. Orders must be placed by means of a signed purchase order, signed letter or signed M-Con estimate sheet.
3. PAYMENT TERMS: Net 30 days. A 3% cash discount will be allowed as incentive for prompt payment, providing no amount is overdue and full payment is made by the 25th of the month following. Note that H.S.T. is not subject to the discount. Interest at a rate of 2% per month (24% per annum) will be charged on overdue accounts.
4. Federal and Provincial Taxes are extra. Any changes in tax regulation will be charged or credited accordingly.
5. The prices contained in this Price List are based on the use of Normal Portland Cement, with rubber gaskets complying with CSA A257.3 and ATSM C443. A premium will be added for any other type of Cement or Gasket.
6. Prices include delivery for truckload quantities within a 250 kilometre travel distance from our closest plant. Deliveries which exceed the set limit will be subject to a flat delivery charge. A truckload consists of a minimum of 32,000 kg and any order less than the minimum will be priced F.O.B. from our closest plant with delivery charges extra.
7. To ensure adequate service, no less than 24 hours notice should be given to enable proper scheduling of deliveries.
8. When delivery F.O.B. truck at jobsite is included in the price quoted, delivery shall be construed to mean motor truck delivery, as close to jobsite, designated storage area or to line of trench as is practical for loaded motor trucks and trailers operating under their own power without risk of accident, injury or undue delay. The Purchaser shall provide and maintain suitable access roads to project site for delivery of goods. Delivery beyond a point accessible to loaded trucks shall be at the risk of the purchaser.
9. The seller reserves the right to make an extra charge for unreasonable delay in unloading or releasing his vehicles. The seller shall not be responsible for any damages due to delays caused by the failure of transportation facilities, strikes, fire, labour difficulties, government regulations, war, flood, accident, material procurement difficulties or any caused beyond its control.
10. Prices are based on deliveries being made in normal daylight working hours.
11. Estimates are made on the condition that full delivery will be taken within six months from acceptance of order. Any goods delivered after that period will be subject to any increase in prices shown in our regular published price list in effect at the time of each delivery.
12. The purchaser will inspect all products for deficiencies. In order to avoid unnecessary costs and delays, special attention should be given to specialty or custom pieces. Defects or inaccuracies should be reported to the Seller immediately. The Seller will deliver new goods to the Purchaser at the site of the work. It is a condition of sale that this will be the limit of the Seller's liability and he will not be liable for any labour costs or other consequential damages.
13. SPECIAL PRECAST CONCRETE PRODUCTS ORDERED ARE NOT SUBJECT TO CANCELLATION. Stock items returned for credit will be subject to 25% handling charges or a minimum of \$25.00 charge. The items must meet the acceptance of the Seller and any damaged products will not be credited. Material pick up for credit will be subject to freight charges.
14. The Purchaser is reminded to verify all quantities, calculations, specifications etc. and the Seller assumes no liability in that regard.
15. No warranties, representations, conditions or agreements exist which are not set out in this price list.
16. If the financial responsibility of the Purchaser becomes unsatisfactory to the Seller, the Seller reserves the right to demand payment in advance or other security and if in default to cancel the unfilled portion of the contract.
17. Waiver of any one or more of the Terms and Conditions herein by the Seller shall not constitute a general waiver of Terms and Conditions and the Seller reserves the right to enforce any and all conditions not so waived. Any such waiver must be in writing.
